Comment: Please consider dropping the slot on Caddo lake, that is what we fishermen want. We are tired of fighting our way through slot fish after slot fish. Folks say we need to start keeping fish to make this work, well it is tough to catch enough unders to make a decent mess and the slot fish are becoming bunched up in the slot. Yeah I know big fish are caught out there but they are caught on non slot lakes too. We are just tired of an old idea that we do not like and are convinced is not the best plan for the lake and for the folks that buy the fishing licenses. I have Been fishing Caddo for just about 50 years and don't see any sign that we NEED a slot. Please listen to the Louisiana Bass fishermen and not TEXAS.
